

Fernhill Veterinary Clinic – Pet Health Plan

We all know the value and benefit of keeping our pets happy and healthy.

This is why we want to help reduce and spread the cost of routine preventative healthcare for your pet. We're working with our Pet Health Plan administrators, Vetsure, to deliver preventative treatments and benefits for dogs, cats and rabbits, all at discounted prices that are collected in an easy monthly direct debit.

If you take out a Pet Health Plan with Fernhill Veterinary Clinic, your pet will benefit from*:

	Annual Booster & Consultation (Including kennel cough for dogs, feline leukemia for cats and VHD 1 & 2 for rabbits, when required). **
	Flea and Worming Treatments (Year round, as recommended by your vet).

	<p>Seasonal Flystrike Treatment (For rabbits, provided annually).</p>
	<p>Microchipping (where necessary) Or £10 discount off over the counter products if already microchipped.</p>
	<p>Annual Vet Health Check (Including free anal gland express and nail clipping at every visit (where necessary))</p>
	<p>Examination and blood sample for titre testing (If not wanting vaccination).</p>
	<p>10% off neutering</p>
	<p>10% off dental treatment</p>
	<p>10% off out of hours consultation</p>
	<p>5% off Vetsure Pet insurance (For eligible dogs and cats).</p>

* Terms and Conditions apply – please speak to one of our team for more details.

** The cost of the first part of your two-part primary vaccination course is not covered. The second part is covered.

Care for the best of health, cover for the worst:

Please note that our Pet Health Plan is NOT a pet insurance product.

[Pet insurance](#) is aimed at providing cover for the treatment of unforeseen accidents or illnesses and does not typically cover preventative healthcare costs.

To link the two aspects of pet healthcare, Vetsure Pet Health Plan (Scotts for Life) members will get 5% off a new [Vetsure Pet Insurance](#) Policy, or this discount will be applied at renewal for an existing policy. That way, Vetsure can reward your further for your commitment to keeping your beloved pet in the best of health – at the same time as providing cover for the cost of treatment for accidents and illnesses through Vetsure Pet Insurance.

What more could a loving owner do for their pet?

Monthly Pet Health Plan Prices:

(Please note that dog prices are based on a puppy's expected adult weight. To determine the specific weight/price categories for pedigree dogs [please click here](#)).

	Small Dogs – £14 Medium Dogs – £14 Large Dogs – £16 XL Dogs – £18
	Cats - £12.50
	Rabbits - £9

How to Purchase Your Plan:

Please follow the link below to purchase your Fernhill Veterinary Clinic Pet Health Plan online. This can be done at any point ahead of your appointment to collect the appropriate flea or worming treatments or ahead of your pet's annual vaccinations – just let our reception team know you're a Fernhill Veterinary Clinic Pet Health Plan member at the time of booking!

Developer notes: (Link to be used with this button: <https://pethealthplans.vetsure.com/NIS/?clinic=fernhill1>)

The link must be copied and used exactly as above. If the link is pasted into a browser it will tokenize and then be unique to your user – it will only work universally if it remains unchanged.

Please note that this link will not activate until your Vetsure Pet Health Plan launch date and will show an error until then.

Alternatively, please call our plan administrators, Vetsure on 0800 050 2022 or speak to one of the in-clinic team.
